

Arena Protocols 2021-2022 Season

The arena protocols for this season are similar to what was required last season for players and parents to attend.

This season spectators are allowed to enter the arenas to watch the games! This is great news. All spectators must go directly to the viewing area (bleachers) and maintain a 2 metre distance from other families. Capacity in the viewing area is limited to 50% capacity.

Process and Requirements for Arena Access

- All participants and spectators must complete the SMMHA screening questionnaire the day they are attending the arena. A QR code will be posted with a link to the questionnaire which can be completed on your mobile device.
- Participants must be dressed in all equipment excluding skates, helmet and gloves and must wear a mask prior to entering the arena. Masks must remain on until the player is ready to put on their helmet and take the ice.
