

### **Port Carling Arena**

The visiting team will enter 30 minutes prior to game time to do skates and helmets and proceed out to the ice surface/visiting bench.

The home team will enter 15 minutes prior to game time to do skates and helmets and proceed out to the ice surface to start warmup.

Parents will be asked to wait to enter once the kids have taken to the ice as we are only using the lobby for kids to tie skates as well as parents using the lobby while watching the game. Ice surface bleachers will not be used.

Parents are being asked to leave the lobby area as soon as the game is finished back outside.

At the end of the game the visiting team will come off the ice immediately at the end of the game and remove skates, helmets, etc and leave the arena.

Once the visiting team has left, the home team will come off the ice and follow suit.

We are requesting two copies of the visiting teams contact tracking sheet, one to keep with our records and one for the arena staff.

In Port Carling we also have to fill out the sheets that are attached to this email one is the Covid screening questionnaire one has to be filled out for each person entering the arena i.e. one for a parent as well as one for the player. The second sheet with the township logo on it there has to be one filled out per family.

### **Humphrey Arena**

In Humphrey both visitor and home teams will enter 15 minutes prior to gametime as we will be using dressing rooms for skates and helmets. Parents are able to use the lobby to a maximum of 10 people as well as the ice surface bleachers.

All players, staff and parents will enter through the main entrance in both Port Carling and Humphrey.

In regards to numbers for both arenas- each team is permitted 10 players, 2 bench staff, 1 manager, and 10 parents (1 per player) which equals 46 between the two teams plus 2 arena staff and 2 referees which equals our 50 person maximum capacity.
