## What is this fundraiser for?

Hockey is expensive! This fundraiser is designed to allow individual players to help offset their individual fees paid to the association for the 2023/24 season. A before tax percentage of products sold between November 3 and November 24, 2023 will be returned to the player. Note, credits through fundraising are intended to offset the overall fees incurred for an individual player in a given season and money back to individual players cannot exceed total registration and representative fees for the 2023/24 season. This is separate from any team fundraisers that help to supplement costs towards additional development, team events, banners, team apparel and tournaments etc.
